## Think ahead for spring tree delivery

Brighton residents can choose among nine species of trees available to purchase through the city's annual tree-sales program. Trees distributed through this program are low to moderate water-demand species and have been proven to grow well in Brighton.

The trees will be 6-12 feet tall, are 1-1½ inches in diameter and are fairly light (about 15-20 pounds), which makes them easy to transport and plant.

Trees available through the program include Bur Oak, Chanticleer Pear, Hot Wings Maple, Kentucky Coffeetree, Northern Catalpa, Glenleven Linden, English Oak, Autumn Brilliance Serviceberry and Sensation Box Elder.

Trees cost \$65.25. To place an order, visit the online store at [www.brighton-co.gov/treeprogram](http://www.brighton-co.gov/treeprogram).

[www.brighton-co.gov/treeprogram](http://www.brighton-co.gov/treeprogram).

Residents will be able to pick up their trees in mid-April. Participants of the program are responsible for all tree maintenance, pruning and watering. Master gardeners will be avail-

## County Jail to add Mental Health Unit

A \$3.2 million mental health unit is opening this week at the Adams County Jail, 150 N. 19th Ave., Brighton, Sheriff Michael McIntosh announced.

Grand opening of the new state-of-the-art facility will be 1 p.m. **Wednesday**.

The Mental Health Unit will have the capability of housing 32 inmates at a time, who have been screened to have the most severe cases of mental illness. The inmates will have the ability to talk and work with qualified Community Reach Center medical professionals.

The need to serve those with mental illness has increased tremendously over the years, based on findings of a joint study by the Treatment Advocacy Center and the National Sheriff's Association, the Sheriff's Department news release stated.

Within the Mental Health Unit, inmates will have the ability to participate in group or one-on-one therapy.

Deputies selected to work in the unit already have been certified in Crisis Intervention Training from Community Reach Center.

The Mental Health Unit will provide treatment classes such as trauma-informed Cognitive Behavioral Therapy groups as well as substance-use treatment groups. Once inmates are stabilized and back in the community, they will have been given the appropriate resources and referrals offered by various community partners including Community Reach Center, the release stated.
